

The International Dark-Sky Association (IDA) and the Southern Arizona Section of the IDA will present awards to the University of Arizona President Peter Likins and Staff for Excellence in Outdoor Lighting projects.

Dave Crawford, Executive Director of the IDA and Chris Monrad, Lighting Engineer for Monrad Engineering and IDA Board Member will present plaques for the IDA International Quality Lighting Design Award. These will be given for excellent lighting designs for the Universities Highland District Housing Project. These will be presented to Debra Johnson and Brian Dolan, University of Arizona Facilities Design and Construction Dept. (FD&C), to Alex Blandeburgo of UA Residence Life, and to Stuart Crawford of AR7 Hoover Desmond Architects, Denver Colorado.

Dr. John Polacheck will present an Excellence in Outdoor Lighting Award to President Peter Likins for several University parking lots and facilities that were recently retrofitted, changing out poor lights with much improved lights and fixtures reducing glare, light trespass, and sky glow.

Members of IDA and Southern Arizona IDA Section, representatives from prominent Southern Arizona area observatories, wildlife groups, and University staff to be invited by invitation for the Awards Breakfast on Wednesday, May 5, 2004, 8:00 AM.

President Peter Likins

cordially invites
